### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

The Applicant claims a filter system for adsorbing contaminants from a molten carbonate fuel cell exhaust stream as described in claims 1, 11, and 14.

Applicant teaches a process for filtering contaminants present in an exhaust stream of a molten carbonate fuel cell comprising the steps listed in claims 17 and 21.

The Applicant teaches a process for preparing an exhaust treatment system for filtering exhaust gases from a molten carbonate fuel cell comprising the steps listed in claim 22.

The prior art of record, taken either alone or in combination, fails to disclose or render obvious, a filter system for adsorbing contaminants from a molten carbonate fuel cell exhaust stream comprising a non-water soluble inorganic acid coated onto the filter substrate as described in the previous Office Action. In addition, the prior art of record does not disclose a process for filtering contaminants present in an exhaust stream of a molten carbonate fuel cell and a process for preparing an exhaust treatment system for filtering exhaust gases from a molten carbonate fuel cell as described in the previous Office Action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
